Dear Parent/Carer,

PE Lesson Expectations

Students are expected to come into school in their full Ellis Guilford PE kit on the day(s) that practical PE lessons are timetabled – regardless of the weather. Students will be aware of when their practical PE lessons are.

Students should come to school in their full Ellis Guilford PE *winter* kit which consists of:

- Black Ellis Guilford Polo PE Top (Compulsory)
- Plain Black Tracksuit bottoms with no logo - ***strictly no leggings*** (Compulsory winter kit)
- Plain Black Football Socks (Compulsory)
- Suitable Trainers (Compulsory)
- Black Ellis Guilford Long Sleeved Drill Top (Optional but recommended during winter)
- Ellis Guilford Grey Hoodie (Optional)

As I am sure you will understand that whilst shorts are an integral part of the summer PE kit, they are not appropriate to be worn in the colder winter months. Students will continue to have PE lessons which will require them to be outside even during the winter months. In order to keep the students safe and warm we have therefore made the decision that all students must now wear their full winter PE kit as itemised above and strictly no shorts are to be worn until further notice.

If a student is not participating in their scheduled practical lesson, they are still expected to come in full PE kit with a note explaining why they will not be taking part. This way all students can fully engage in PE as students can be involved in other aspects of the practical lesson.

If you have yet to order an Ellis Guilford PE kit, you can find the link to the providers on the Ellis Guilford Website where you can place your order.

I hope that you will support our decision in asking all students to wear suitable tracksuit bottoms from now on.

Your sincerely,

Ms K Horner
Head of PE
