Pupil premium strategy statement – Ellis Guilford School

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

The pupil premium funding for publicly funded schools in England to raise the attainment of disadvantage pupils of all abilities and to close the gaps between them and their peers. The impact and spending strategy for pupil premium funding is reviewed at every Academy Council/ Improvement Board meeting. The annual review is published on the academy's website in September each year.

Disadvantaged criteria are:

- Pupils who have registered for Free School Meals (FSM) at any point in the last six years
- Pupils who are looked after by the local authority for more than six months
- Pupils whose parents are currently serving in the armed forces

Total pupil premium funding for current year:

Years	Number of Children Looked After
Year 7 - 11	11

Year	Others	Pupil Premium	Number of	Percent Pupil
		(Recipient)	pupils	Premium
Year 7	99	99	198	50%
Year 8	129	127	256	49.6%
Year 9	147	122	269	45.4%
Year 10	148	119	267	44.6%
Year 11	159	121	280	43.2%

Total	682	588	1270	46.3%

(Data correct 22/11/2022)

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£633,848
Recovery premium funding allocation this academic year	£177,60
Pupil premium (and recovery premium*) funding carried forward from previous years (enter £0 if not applicable)	£45,222
*Recovery premium received in academic year 2021 to 2022 can be carried forward to academic year 2022 to 2023. Recovery premium received in academic year 2022 to 2023 cannot be carried forward to 2023 to 2024.	
Total budget for this academic year	£963,596
If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	

Part A: Pupil premium strategy plan

Statement of intent

At Ellis Guilford School, we have high aspirations and ambitions for our pupils and believe that all learners should be able to reach their full potential. We strongly believe that reaching your potential is not about where you come from, but instead, about developing the necessary skills and values required to succeed.

Our pupils in receipt of the Pupil Premium Funding face specific barriers to reaching their full potential, and, at Ellis Guilford School, we are determined to provide the support and guidance they need to help them overcome these barriers. In addition to this, we aim to provide them with access to a variety of exciting opportunities and a high quality, rich and varied curriculum.

Disadvantaged First: A Classroom Approach to Supporting disadvantaged Pupils:

- Disadvantaged pupils are known by their teachers, are identified in Arbor.
- Disadvantage pupils are considered first on any seating plan.
- In addition, 3 disadvantaged pupils are targeted in each class every half term.
- The 3 disadvantaged pupils are asked at least one question every lesson and understanding is checked on a regular basis.
- Disadvantaged pupils have their work marked first and books are checked at the end of every lesson.
- Teacher planners are used to plan for and track disadvantaged pupils.
- Disadvantaged pupils will be encouraged through rewards, praise and STAR of the lesson postcards.
- Each half term 3 phone calls to parents of disadvantaged pupils to discuss progress.

At Ellis Guilford School we all apply a disadvantaged first approach:

Disadvantaged First: A Faculty Approach to Supporting disadvantaged Pupils

- Progress of disadvantaged pupils is a standing item on faculty agendas and at the end of each data point.
- Each faculty has a pupil premium champion who represents the pupils in their subject and advocates for their needs.
- Disadvantaged pupils will have the required resources (e.g. equipment, revision guides, after school ICT support, intervention session invitations through parental contact.) Pupil premium champions can apply for additional resources JGI (James Girling).

Disadvantaged First: A School Approach to Supporting disadvantaged Pupils

- Disadvantaged pupils will have access to equipment and uniform.
- Disadvantage pupils will have the opportunity to attend extracurricular activities and experiences.
- Parent engagement of disadvantage pupils is targeted by the school via the EGS APP, social media, parents' evenings etc.
- Progress and accountability of disadvantaged pupils is monitored through the Factuality achievement meetings and appropriate subject targets made.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	PP pupils have lower attainment and slow progress rates made by pupil premium/disadvantaged children. The children have gaps and misconceptions and find it difficult to retain/recall prior knowledge.
2	Key findings from the EEF rapid evidence assessment (June 2020) on the impact of school closures due to Covid-19 on the attainment gap suggests school closure will widen the gap between disadvantaged children and their peers.
3	Attendance – there remains a stubborn attendance gap between PP and non-PP pupils. If outcomes for financially disadvantaged pupils are to improve then this gap will need to be closed.
4	Pupils have limited experiences beyond their home life and immediate community. Access to enrichment activities is low amongst our PP pupils than our non-PP pupils.
6	The percentage of PP pupils achieving grades 4+ and 5+ in English and Mathematics is still below national data for non-disadvantaged pupils.
7	Literacy and numeracy – a large number of our lower attainers are from financially disadvantaged backgrounds. There is a whole school focus on reading (Love of reading, Think reading).
8	Pastoral – PP pupils frequently present with pastoral issues such as: difficulties with social skills, incorrect uniform or equipment, lack of support at home, don't eat breakfast, poor attendance and lateness, low aspirations and anger management issues. Consequently, a number of our strategies are aimed at providing social and emotional support.

9	Homework, revision and organisation – issues with knowledge retention and recall can often explain the underperformance of this group in
	summative assessments.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Continue to improve the attendance of PP pupils.	PP pupils to be in line with National average. Decrease in the number of PP pupils who are PA. A sustained reduction in the attendance percentage
Improved progress 8 for all PP pupils	P8 for PP -0.3- 0.2
Improved Engagement of PP Pupils in extracurricular activities which provide a wider cultural capital experience.	To raise the number of PP pupils attending extra curricula activities is above 50%
Improve the Progress 8 Score for low ability Pupil Premium pupils.	To raise the progress 8 score of all PP pupils, and ensure the attainment of low ability PP pupils sits in line with their PP peers
Close the gap between our PP pupils and National non-disadvantaged pupils on the 4+ and 5+ in English and Mathematics measure.	To decrease the P8 gap between PP and non-PP pupils in English and Maths.
Ensure that high ability PP pupils fulfil their potential and achieve the top grades at GCSE.	P8 for HA PP pupils in line with national average
Increase the uptake of enrichment activities by PP pupils. Ensure participation in these events / opportunities is captured.	The tracking data shows a year-on-year increase in the number of PP pupils continually attending extra-curricular clubs, with the aim of their attendance mirroring their non-PP peers.
Continue to support the social, emotional and behavioural needs of our PP and more vulnerable learners	All pupils that require additional social, emotional and behavioural mentoring and support, will have regular access to it.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding this academic year to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 253,765

Activity	Evidence that supports this approach	Challenge number(s) addressed
Continued Professional Development – Non negotiable	The EEF Guide to Supporting School Planning: A Tiered Approach to 2021, makes continual reference to the importance of quality first teaching. "We know from the best available evidence that the most powerful tool we have to combat educational inequality is to support great teaching in every classroom" The CPD at Ellis Guilford will therefore focus on developing T&L practice, specifically relating to proven practice related to explicit instruction, modelling, checking for understanding, scaffolding and memorisation and recall. Effective Professional Development EEF (educationendowmentfoundation.org.uk) Guidance from EEF. Professional Development.	1,2,6,7
Moving On Up - A programme designed to empower teachers to deliver high quality lessons more consistently. The programme takes an in depth look at explaining, questioning, differentiation, modelling, practice and feedback.	At Ellis Guilford, we very much put value in the professional development of our staff and on ensuring all members of staff have access to relevant CPD to develop their practice.	1,2,6
ECT programme - Continue to offer a range of ITT opportunities and	At Ellis Guilford, we very much value the professional development of new staff and on ensuring newly qualified members of staff have access to	1,2,6,7,9

support those teachers who are new to the profession.	relevant CPD to develop their practice further.	
Leadership of pupil premium across the school	The senior team has expanded with the appointment of an additional Assistant Headteacher in September 2022 who will lead on PP. This appointment will directly benefit financially disadvantaged pupils at the school. This appointment will also directly contribute to the personal development and whole school leadership, directly impacting PP pupils.	1,2,3,4
Teacher Planners – Bespoke teacher planners designed as a tool to facilitate high quality lesson planning.	Teachers are positively and proactively targeting and planning for the individuals needs of the disadvantaged children so that they are able to make accelerated progress compared to other pupils. Disadvantaged children often arrive at secondary school behind their peers academically and need to make accelerated progress in order to catch up with their peers. Teachers are aware of which students are eligible for PP. Staff now need further training and guidance on how they can adapt planning, delivery and feedback so that these pupils can make accelerated progress	1,2,9
Provide specialist literacy CPD to ensure high quality teaching	The Education Endowment Foundation reports that reading comprehension strategies are high impact on average (+6 months). The EEF also states that "On average, disadvantaged children are less likely to own a book of their own and read at home with family membersand may not acquire the necessary skills for reading and understanding challenging texts." Effective Professional Development EEF (educationendowmentfoundation.org.uk) Guidance from EEF. Professional Development.	7

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £290,711

Activity	Evidence that supports this approach	Challenge number(s) addresse d
Maths tutor to deliver small group tuition to KS3 pupil	The EEF Guide to Supporting School Planning: A Tiered Approach to 2021, widely acknowledges that tutoring is one of the most effective tools for supporting rapid pupil progress, and the evidence	1,2,6,7
English tutor to deliver small group tuition to year 11 pupils currently underachievin g	supports that it's a highly effective means of raising attainment amongst lower attaining and disadvantaged pupils; the pupils hardest hit throughout the pandemic	1,2,6,7
Holiday revision programme s e.g. Easter Revision.	The EEF Teaching and Learning toolkit recognises that although high cost, summer schools, or holiday revision sessions more broadly, have a high level of impact (3+ months) in terms of student progress.	1,2,6,9
These will continue to target year 11 Pupil Premium pupils in all GCSE subjects.		
Expand Thinking Reading programme with additional Thinking Reading Tutors	The EEF has identified mentoring as having a 2+ month positive impact and states that mentoring has a small, positive impact on student attainment. The Education Endowment Foundation reports that reading comprehension strategies are high impact on average (+6 months). The EEF also states that "On average, disadvantaged children are less likely to own a book of their own and read at home with family membersand may not acquire the necessary skills for reading and understanding challenging texts."	7
Intervention using external providers in	The Education Endowment Trust suggest intensive tuition in small groups can be effective if used to provide	1,2,6,7

core subjects, in particular English and Maths 4+ and 5+.	support to 'lower attaining learners or those who are falling behind' One to one tuition EEF (educationendowmentfoundation.org.uk) From Randstad / National programme to provide intensive recovery support	
Personalised Learning Gateway for those at risk of PEX	Social and emotional learning (SEL) interventions seek to improve pupils' decision-making skills, interaction with others and their self-management of emotions, rather than focusing directly on the academic or cognitive elements of learning. SEL interventions might focus on the ways in which students work with (and alongside) their peers, teachers, family or community. More specialised programmes which use elements of SEL and are targeted at students with particular social or emotional needs. https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/social-and-emotional-learning	8
Think Foreword Programme and external mentoring for CIAG	By aspirations we mean the things children and young people hope to achieve for themselves in the future. To meet their aspirations about careers, university, and further education, pupils often require good educational outcomes. Raising aspirations is therefore often believed to incentivise improved attainment https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/aspiration-interventions	4,8
Providing subsidised and free resources for pupils to improve attainment.	The EEF's evidence-based focus on setting homework, recognised that many PP pupils lack a quiet space at home from which to learn, as well as sometimes having less access to suitable resources (i.e. revision materials). Providing our PP pupils with these resources, and by supporting pupils to effectively use these resources, will hopefully improve student engagement in purposeful revision.	1,2,6,9
Core group (Academic mentoring)	Core group is a data driven (data derived from assessments) intervention strategy designed to target those that are underperforming in specific subjects. The EEF evidence supports this smaller group and data targeted approach as being good practice to enable all pupils to make good progress. The evidence indicates that small group and one to one intervention can be a powerful tool for supporting these pupils when they are used carefully. These	8

	interventions should be targeted at specific pupils using information gathered from assessments. https://educationendowmentfoundation.org.uk/support-for-schools/school-improvement-planning/2-targeted-academic-support	
SISRA Analytics	SiSRA is a data analysis tool used by SLT and teachers, enabling staff to drill into the data of a class, or entire cohort, to identify areas requiring intervention. At Ellis Guilford we continually use data to inform our student intervention, including targeted intervention strategies outlined above.	1,2
Supporting Year 9 pupils with the Pathways process	At Ellis Guilford we thoroughly believe that pupils require support when selecting their pathways. Pupils will be guided by their form tutors and class teachers to ensure they are informed on all aspects of future development and progress. They will also be given the opportunity to meet with the career's advisor.	8
Mytutor online	One to one tuition EEF (educationendowmentfoundation.org.uk) Focus on supporting Disadvantaged pupils in English and Maths.	1,2,6,7

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £383,219

Activity	Evidence that supports this approach	Challeng e number(s) address ed
Specialist cover teachers to cover classes rather than supply staff	The EEF Guide to Supporting School Planning: A Tiered Approach to 2021, makes continual reference to the importance of quality first teaching. "We know from the best available evidence that the most powerful tool we have to combat educational inequality is to support great teaching in every classroom". Therefore the stability of providing classes with appropriate cover staff where required ensure consistency in approach.	1,2
Implementati on of minibus collections for PP pupils who have disengaged	Free school transport - GOV.UK (www.gov.uk) Local deprivation / need following parental illness or unemployment means pupils sometimes need emergency access to transport to attend school / medical appointments.	3,8

According to the evidence, the pandemic has increased attendance inequalities in schools. By employing full-time attendance officers, we will better be able to monitor the attendance of PP pupils and put in place strategies to reduce absence / persistent absence for this group. 'Going for Gold' Rewards strategy to include a school trip experience to Alton Towers provided by the school. Behaviour interventions seek to improve attainment by reducing challenging behaviour in school. This entry covers interventions aimed at reducing a variety of behaviours, from low-level disruption to aggression, violence, bullying, substance abuse and general antisocial activities. The interventions themselves can be split into three broad categories - Approaches to developing a positive school ethos or improving discipline across the whole school which also aim to support greater engagement in learning https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/behaviour-interventions Key working Inclusion Strategy. Uniform and equipment to remove barriers to accessing education.	Cost of school uniforms - GOV.UK (www.gov.uk) Local unemployment and deprivation higher than national average, increase by 5.2% on FSM over last 2 years and parents increasingly needing support to provide uniform.	8
Homework Club	Homework club is available after school and pupils are recommended to attend if homework is becoming an issue. The EEF Teaching and Learning toolkit relating to the impact of homework on educational progress recognises and suggests that "Some pupils may not have a quiet space for home learning – it is important for schools to consider how home learning can be supported (e.g. through providing homework clubs for pupils)." The Ellis Guilford homework club is set-up to support disadvantaged pupils, but more broadly any pupils that would benefit from this provision.	9
Ed Class and Ed Lounge	These will allow pupils who are currently absent from the academy to access work and make progress.	1,2
CPOMS	According to OFSTED, the number of child protection referrals dramatically reduced during the first lockdown. Although it has since increased, Spielman said this has not yet returned to previous levels. This has raised fears that abuse could be going undetected. https://www.theguardian.com/society/2020/dec/01/pand emichas-left-legacy-of-child-abuse-and-neglect-ofsted-warns Using CPOMS enables us to monitor the welfare and safeguarding concerns, so we can record the instances properly and act swiftly to keep pupils safe.	8
Alternative Provision	A small number of our pupils will continue to attend Alternative Provision. These pupils are expected to make strong progress in the subjects they study.	8
Extra – Curricular Provision	Similar to our commitment to ensure all our disadvantaged pupils have access to music lessons, we also feel strongly that all pupils, regardless of background, should have access to a broad range of enriching activities. Ellis Guilford will continue to offer a diverse extracurricular programme. PP pupils will be actively encouraged to access these, and their attendance will be monitored.	4
Trips and Visits	The Ellis Guilford School have committed to fund PP pupils' attendance to trips that are directly linked to the curriculum (e.g. the Geography field trip, drama trip to	4

	Nottingham Playhouse). The Academy have also decided to heavily subsidise trips that we believe are important to the personal development of our PP pupils.	
School production with roles and responsibilities for all pupils to take part.	What Is Ofsted's 'Cultural Capital'? True Education Partnerships Evidence from pupil voice and attainment of impact of curricular related trips and participation in extra-curricular offer.	4,8
Mental health ambassador programme in- cluding coun- selling.	Social and emotional learning (SEL) interventions seek to improve pupils' decision-making skills, interaction with others and their self-management of emotions, rather than focusing directly on the academic or cognitive elements of learning.	8

Total budgeted cost: £927,695

For schools that receive this funding, you may wish to provide the following information: How our service pupil premium allocation was spent last academic year
The impact of that spending on service pupil premium eligible pupils

Further information (optional)

Use this space to provide any further information about your pupil premium strategy. For example, about your strategy planning, or other activity that you are implementing to support disadvantaged pupils, that is not dependent on pupil premium or recovery premium funding.

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

At the end of KS4 DP pupils achieved a progress score of -0.79 compared to the school P8 score of -0.43. The gap in progress was wider than previously estimated as the group included pupils who did not do a full suite of exams for medical reasons and there was a reduced but significant attendance gap. The year group were hard hit by lockdowns and experienced several challenges adapting back into full time school life.

Progress 8 Overview 2022

Comparing to inschool gap (P8)	2019 Outcomes	2020 Outcomes	2022 Outcomes	Difference
Non- Disadvantaged (EGS)	-0.37	-0.47	-0.11	
Disadvantaged (EGS)	-0.98	-0.93	-0.72	
In-School Gap	-0.61	-0.46	-0.61	
Non- Disadvantaged (National)	0.13	-0.47	-0.15	
Disadvantaged (National)	-0.45	-0.93	-0.55	
Gap (National)	-0.58	-0.46	-0.4	

Accountability Measures

Year 11	2021	2022	Impact compared

	All	Non-PP	PP
Whole Cohort	89.25%	92.69%	85.82%
Year 7	90.43%	93.40%	87.99%
Year 8	89.29%	92.97%	85.85%
Year 9	89.55%	93.02%	86.20%
Year 10	89.17%	93.01%	84.83%
Year 11	87.62%	91.00%	83.60%

In analysing the reasons for the gaps, there is still a legacy of poor attendance from lockdown and Covid that impacted the year groups, and the pupil premium cohort, as well as a passivity in taking up the opportunities for catch up and intervention offered. At times when all pupils were expected to attend school, absence among disadvantaged pupils was higher than their peers. Therefore, attendance is a major focus of our current plan. Our surveys and assessments demonstrated that pupil behaviour, wellbeing and mental health were significantly impacted last year, primarily due to ongoing COVID19-related issues and the return to classroom-based learning. The impact was particularly acute for disadvantaged and vulnerable pupils, and the increasing issues related to mental health. This is why we have increased the support provision in school and added even more capacity in the pastoral team to support pupil wellbeing and inclusion. We know from our KS3 data that our Year 7& 8 pupils had been challenged with transition and the gaps in their learning, so we have spent time on developing the curriculum to catch pupils up with a focused curriculum to support their knowledge and skills. Altogether in 2021-22 the school provided intervention

through small group and individual sessions for many vulnerable and disadvantaged pupils to support catch up, literacy, revision and GCSE preparation and pastoral / wellbeing support.

Again because of COVID we were unable to provide the extracurricular provision we initially intended to therefore we were unable to increase the attendance of PP pupils. However, with the relaxation of COVID restrictions for the academic year 22/23 we intend to increase or Extracurricular provision with an initial focus on revision and homework support and an increase in after school sports clubs.

To conclude, provisions are now in place and beginning to become embedded in whole school practice to support the improvements of progress for all students including a specific focus on inclusive and adaptive teaching.
