Dear Year 10 Parents and Carers,

As we approach the summer break, we want to ensure that our pupils continue to stay engaged and keep up to date with their learning to prepare effectively for Year 11. To support this, our teachers have put together 'Summer Work Packs' designed to provide short, manageable activities for pupils to complete each week during the holidays.

These activities are aimed at reinforcing key concepts, preventing learning loss, and preparing pupils for the new academic year. The tasks are varied and cover different subjects, ensuring a comprehensive review of the material covered this year.

We understand that summer is a time for rest and relaxation, and these activities are designed to be flexible and not too time-consuming. We encourage you to support your child in managing their time so that they can balance their summer enjoyment with a little bit of learning.

To add an extra incentive, pupils who complete all the tasks in their Summer Work Packs will be rewarded with a trip to Jurassic Cove when we return in September, something we hope will motivate our pupils to stay on top of their studies over the summer.

The Summer Work Packs will be distributed to the pupils by the end of next week, and they will also be available on the school's website. If you have any questions or need additional resources, please do not hesitate to contact us.

Thank you for your continued support and cooperation. We wish you and your family a wonderful summer break.

Yours sincerely,

Mr David Fugill
Vice Principal
